REPORT OF SCHOOL BOARD.

To the Parents and Citizens of Strafford.

Again it is our pleasure to report upon the conditions of the schools in Strafford.

During the past year our schools, ten in number, have been in session thirty-three weeks and, with a few exceptions, the attendance has been good. We are pleased to state that the progress made by the pupils is very satisfactory, which proves the efficiency of our corps of teachers in their work. But we realize that nothing is so good that it cannot be made better and ask every parent and citizen, in the coming year, to add their united efforts to those of the teachers. Let us work together for the good of all and the best interests of our schools, bringing them up to the highest standard, then the results of the coming year will spell success. We have made many repairs during the year, furnished new text-books in the place of some that were dilapidated and added to our list of supplementary readers, yet feel that we have expended the money intrusted to our care economically.

For further particulars we would refer to the school treasurer's report and the following table of statistics.

Respectfully submitted,

EMMA L. P. FOSS,
PAULINE W. HILL,
MARTIN S. BROCK,
